

Ent Mobile® Text Commands

Command	Description
HELP	Returns a list of Ent Mobile commands.
BAL	Returns the available balance on all Shares and Loans for the account.
HIST	Returns the first set of most recent transactions for the specified ID. (e.g. HIST S10)
MORE	Returns the next set of transaction history and should only be sent after a HIST or MORE request.
STOP	Un-enrolls the phone from Ent Mobile.

How to use Ent Mobile

1. Create a new text message and enter one of the available commands.
2. Send the text message to 36828 (EntCU).
3. Wait for a response.

Ent Mobile Tips

- The commands are not case sensitive. BAL or bal will work.
- At any time you can send HELP plus a command to receive more information about the command. (e.g. HELP BAL)
- Your Share or Loan ID must be specified when using HIST command (e.g. HIST S10, HIST L15, or HIST M60)
