

# YOUTH BANKING

The value of money is a valuable lesson.

## Learn smart financial habits with our free Youth Banking program.

We're committed to helping our youngest members become financially responsible adults by teaching them smart saving and spending habits to supplement the education and guidance they receive at home and school.

### The Youth Banking Program offers:

- Account opening gifts
- Rewards for saving
- Age-appropriate activities and events

The sooner your children learn financial skills, the better. Because while they already know how much fun it is to spend, we'll teach them how much fun it can be to save.

### It's easy to open an account.

Stop by any Ent Service Center to open a youth account. Please note: A parent or legal guardian must be a joint owner on the account, and we will ask for the Social Security number of the child and joint owner(s).

### Star Savers®

For Ages 12 and Under

Star Savers is a great way to help kids begin a journey into the world of saving money and planning for the future. When your children join Star Savers, they'll get their own savings accounts and be encouraged to develop saving goals.

### Galaxy™

For Ages 13-17

Galaxy focuses on basic money management skills to help teens learn how to establish good saving and spending habits on their way to financial responsibility and independence.

Plus, consider opening a Free Student Checking Account\*
