

# Children's Privacy Pledge

## Information Collected

We strive to comply with the provisions of the Children's Online Privacy Protection Act (COPPA) and do not knowingly collect personally identifiable information from children under the age of 13.

We do not have any agreements with other organizations or third-parties to collect personal information from children at our site. We encourage parents to review online privacy policies of any third-party site that their children may visit.

The information that we may collect is used:

- to fulfill a requested transaction;
- to send notifications about upcoming special events; and,
- to respond to specific requests related to activities, online newsletters or attending scheduled events.

We do not share children's personally identifiable information with anyone other than those who provide support for the internal operations of the website and our agents (for example, contractors who provide fulfillment services or technical support to the website), and those parties have agreed to maintain the security and integrity of personal information.
